

# Never Come Back Again (feat. Sam Palladio)

## Nashville Cast

I wanna see the world  
I wanna sail the ocean  
I wanna know what it feels like  
To never come back againI wanna feel the waves  
Crushing down on heartache  
I wanna find the key to the sky  
And never come back againI wanna wake my storm  
Climb the highest mountain  
I wanna write my name in the clouds  
And never come back again  
Wooooaahh oooaaahh  
OooooaaaahhhhI wanna find my love  
Lose myself in passion  
I wanna love her and my heart  
And never come back againI wanna see the end  
Of a world that's round and  
I wanna know what it feels like  
To never come back againOooaahh oooaaahh  
OooooaaaahhhhI wanna ease my mind  
Of all the doubt that haunts it  
I wanna run out in the light  
And never come back again  
I wanna see those stars  
Shining down from heaven  
I wanna know what it feels like  
To never come back againI wanna know what it feels like  
To never come back again
