Complicated

K.R.

Our love is so complicated, complicated
Our love is so complicated, complicatedLet's start right here
You scratch my back I bite your lips
I ain't good with relationships
But ever since we met we been rocking since
I want to know just where you came from
(what your name is)
Got a man but now he can't come
(he on that lame shit)
I used to think about whatever say whatever
Just to get a little closer
I ain't tripping girl our love is for the vultures
Keep it focused
Start from the ground up (start from the ground up)
Stay coming round? (I'm scared of love yeah yeah)
You or me, I ain't noticed
Girl now I'm losing focus
Messing around, running the town
Holding me downOur love is so complicated, complicated x2
Our love is so complicated
Complicated x6 (yeah yeah yeah)Let's start right here
Don't know how love's supposed to feel
Girl I'm just trynna keep it real
No lie I thought you knew the deal
I want to know just where you came from
(what your name is)
Got a man but now he can't come
(he on that lame shit)
I used to think about whatever say whatever
Just to get a little closer
I ain't tripping girl our love is for the vultures
Keep it focused
Start from the ground up (start from the ground up)
Stay coming round? (I'm scared of love yeah yeah)
You or me, I ain't noticed
Girl now I'm losing focus
Messing around, running the town
Holding me downOur love is so complicated, complicated x2

Complicated x6 (yeah yeah yeah)You can do better

Say you can do better
I'm getting emotional letters
Niggas is hating and women is jealous

Me being faithful just gotta be?Our love is so complicated, complicated x2
