

# Kids in Love

## Mayday Parade

I look back to the one and only summer time  
And my girl was the envy of every friend of mine  
She slept safely in my arms  
We were so young and invincible  
Closed lips, she was never one to kiss and tell  
Those trips in the summer never went so well  
Young love was such dumb love  
Call it what you want it was still enough  
And you're still out of my reach  
And you're still all of the things  
That I want in my life  
How could I ask you to leave me?  
And we were just kids in love  
The summer was full of mistakes we wouldn't learn from  
The first kiss stole the breath from my lips  
Why did the last one tear us apart?  
Our breath smelled of cigarettes and alcohol  
We'd walk down the beach counting every star  
Our hearts beat inside our chest  
Leaving us gasping for every breath  
Her smile with the wind blowing through her hair  
Was so contagious in the air  
So satisfying and I'm still smiling  
And you're still out of my reach  
And you're still all of the things  
That I want in my life  
How could I ask you to leave me?  
And we were just kids in love  
The summer was full of mistakes we wouldn't learn from  
The first kiss stole the breath from my lips  
Why did the last one tear us apart?  
We're falling down, can we pick up the pieces?  
We're at an all time low, how do we get it back?  
We're falling down, can we pick up the pieces?  
We're falling down, can we pick up the pieces now?  
And we were just kids in love  
The summer was full of mistakes we wouldn't learn from  
The first kiss stole the breath from my lips  
Why did the last one tear us apart?  
We were just kids in love  
The summer was full of mistakes we wouldn't learn from  
The first kiss stole the breath from my lips  
Why did the last one tear us apart?  
We were just kids in love  
The summer was full of mistakes we wouldn't learn from  
The first kiss stole the breath from my lips  
Why did the last one tear us apart?
