

# The Truth

**Dr. Dog**

The truth don't stop, it makes you move  
Round and round, like the moon It's coming down, the truth don't stop  
It's really coming  
The truth don't stop, it's falling hard  
The truth don't stop  
Another day, the truth don't stop, thunder and lightening  
Ooh The devil's done, I pay my dues  
But it just won't quit, he don't like to lose It's coming down, the truth don't stop  
It's really coming  
The truth don't stop, it's falling hard  
The truth don't stop  
Another day, the truth don't stop, thunder and lightening  
Let the rain fall, let the rain fall  
Let the rain fall, let the rain fall  
Let the rain fall
