

# Lena

## Art Garfunkel

Lena? s been burning both ends of her candle.  
She? s over her head in complication and scandal.

But Lena takes her troubles in stride.  
As she runs to the bottle,  
To confess and confide,  
Lena surrenders.

Lena has taken to flaunting her passions  
Offers herself in the boldest of fashion  
But Lena says it? s under control  
As she looks to the bottle,  
To calm and console,  
Lena surrenders

Lena,  
Surely you don? t believe,  
By hiding in bottles you? ll ever relieve  
All the pain love has brought you:  
The fire and the cold.  
Lena,  
Take heart,  
Take heart

Lena,  
Surely you don? t believe,  
By hiding in bottles you? ll ever relieve  
All the pain love has brought you:  
The fire and the cold.

Lena,  
Take heart.  
Take heart.  
Take heart.  
Take heart.  
Lena!  
Lena!  
Take heart.  
Lena!  
Lena?
