

# Things to Say

## Snow

Come down? All right? Hit it  
Baby I have no reason why as to spread rumours that would hurt you  
In the back of your mind you know that I wouldn't lie  
I wouldn't tell you things, mislead youHe's running you down, spreading your name around town  
About your love you must be crazy  
In spite of it all I can't believe you would fall  
For a bullshit love, oh babyWhen a man loves a woman when a woman loves a man  
They shouldn't speak their business upon the street talk around  
They shouldn't talk about their business  
Pick a person and keep it privateNever want and talk about it  
The choice is a must and now you just  
Can't give me stuff to think about  
I don't wanna wait in bed for your love and you won'tAnd a when me say never  
And when me talk of love, yeah girl me talkin' forever  
Now what about with other girls like a man now when we are together  
Now if you think I'm a joke and I lie then bomber whateverDon't let him do what you want  
We got so much things to say right now  
We got so much things to say  
They gotta do what you want  
We got so much things to say right nowWe got so much things to say  
We got so much things to say right now  
We got so much things to say  
We got so much things to say right now  
We got so much things to sayI keep tellin' ya  
He says she loves me  
I know it's gonna be above me now  
He told me his heart was mine  
He told me he loved me loved meBlah, blah, blah he's blabbering all of the time  
Search deep in your heart and true love you must find  
Pick a person and keep it private never want and talk about it  
The choice is a must and now you just can't give me stuff to think aboutI don't wanna wait in bed for your love  
I can't wait no more, no,no,no  
I don't wanna wait in bed for your love  
I can't wait, you're taking too long  
What you gonna doI don't wanna wait in bed for your love  
It's up to you don't make me wait for you  
Don't have me wait I don't wanna wait  
In bed for your love and you won'tAnd a when me say never  
And when me talk of love, yeah girl me talkin' forever

Now what about with other girls like a man now when we are together  
Now if you think I'm a joke and I lie then bomber whatever We got so much things to say right now  
We got so much things to say  
We got so much things to say right now  
We got so much things to say We got so much things to say right now  
We got so much things to say  
We got so much things to say right now  
We got so much things to say
