

# Gino

## Art Mengo

Alright are you ready for this one?

    Alright this is big news

    I've been spending my time

        In cheap motels

    I've been drinking the wine

        For the cheap price it sells

        I've been cooking it up

            In Joey's garage

    It's like Zappa to Cappa

        Pappa to Drumma

        Drumma to Mumma

        Mumma to Gino

    Even so

    But the cat that's got the dough

        He's got a cool expression

        You know it's Gino

    You know it's Gino

    Saying brother to brother

        Hate one another

        Sister to Father

Father to Daughter to drummer

    Oh Gino

    Gino

    Gino

    Oh No I Hate Gino
