

What Can I Do

Uriah Heep

I wish you'd stop and give a helping hand
For I guess I'm only half a man
I feel the only way for me to leave
Is just to give you everything I can give 'Cause without you, without you
What can I do, yeah I will give you all the love I have
Just to know you stop me being so sad
I hope you won't think, oh, so badly of me
'Cause I had to tell you this could break myself in 'Cause without you, without you
What can I do, yeah Being helpless is a habit of mine
No one else can understand
You are the one to help me to survive
If you're any friend of mine Being helpless is a habit of mine
No one else can understand
You are the one to help me to survive
If you're any friend of mine Yesterday, you gave a helping hand
To someone you'll never understand
Though I tried to tell you of this way
You said I had nothing constructive to say But without you, without you
What can I do, yeah What can I do? What can I do?
What can I do? What can I do?
What can I do?
