What Can I Do

Uriah Heep

I wish you'd stop and give a helping hand For I guess I'm only half a man I feel the only way for me to leave Is just to give you everything I can give Cause without you, without you What can I do, yeahI will give you all the love I have Just to know you stop me being so sad I hope you won't think, oh, so badly of me 'Cause I had to tell you this could break myself in'Cause without you, without you What can I do, yeahBeing helpless is a habit of mine No one else can understand You are the one to help me to survive If you're any friend of mineBeing helpless is a habit of mine No one else can understand You are the one to help me to survive If you're any friend of mineYesterday, you gave a helping hand To someone you'll never understand Though I tried to tell you of this way You said I had nothing constructive to sayBut without you, without you What can I do, yeahWhat can I do? What can I do? What can I do? What can I do?
