

Be My Baby

Dylan Holland

I was waiting to fall in love
I kept looking left to right
Praying that someone
Could shine in a little light
On this long dark path to nowhere But I've searched so far and somehow
I can never really show my feelings
Lonely in the morning
By myself in the evening
But when I'm crushing it's a cry for help Because I'm like
I need a plan
What's it gonna take for me to be your man, old man
Now I'm chasing her across the street
She ran inside and told her friends and now they're laughing at me
But I guess I'll keep Blowing kisses
Tryna find a star that can hold my wishes
Chasing every dream til I can't breathe
Tryna give her everything But I don't need
Fancy cars and diamond rings
To make you feel like you are a queen
Same old question crosses my mind Won't you, won't you be mine
Be, be mine Caroline
Be mine, be my baby
Be mine
Won't you be mine Caroline?
Be mine, be my baby
Yeah I guess I was blinded somewhere along the line
I never know where my head is at the time
But when I'm looking vertical to her direction
I catch her eye and get this feeling of affection Baby the next step is the hardest part
And if you're scared you know I'll walk you to the door
I'm the light at the end of the tunnel
Take my hand and yes I know
Come back again so I won't have to keep Blowing kisses
Tryna find a star that can hold my wishes
Chasing every dream til I can't breathe
Tryna give her everything But I don't need
Fancy cars and diamond rings
To make you feel like you are a queen
Same old question crosses my mind Won't you, won't you be mine

Be, be mine Caroline
Be mine, be my baby
Be mine
Won't you be mine Caroline?
Be mine, be my baby
Yeah I'm in way too deep before again
Let's laugh it off and just pretend that I'm not So addicted
Tryna find a miss I can make my mrs
Travel 'round the world looking for a girl that can give me everything But I don't need
Fancy cars and diamond rings
To make you fall in love with me
Same old question crosses my mind Won't you, won't you be mine
Be, be mine Caroline
Be mine, be my baby
Be mine
Won't you be mine Caroline?
Be mine, be my baby
Yeah
Be mine, be my baby
Be mine
Won't you be mine Caroline?
Be mine, be my baby
Yeah, Yeah
