Skit #3

Kanye West

This was founded years ago
By broke slaves, years ago
Who did not have, years ago
By broke brothas in the 20s, years ago
Who did not have when we could not eat
Hmm, remember that?
Eating all of our cereal with forks because we wanted to save the milk, do you remember that? Hmm?
Do you remember all those Christmases when your Mama walked in the room and pretended she was the tree, huh?
Remember that?
