

Bus Ride

Mental As Anything

(Martin Plaza)

I had a meeting at the junction
But my car wouldn't function
Didn't have enough for the cab
 Say wouldn't it be fab
 To take a bus ride...bus ride
The bus stop was down the road
 And as I left my abode
 I looked out upon the sea
 Oh lucky me
 To take a bus ride...bus ride
I climbed aboard and took a seat
 Satisfied that I would meet
 So many people there
And every single one was rare
 On my bus ride...bus ride
