

# Non-Absorbing

## Guided By Voices

Do you see me--like I see you?  
Time lost--can't ever understand  
The lines like most  
We wants to be alone, but we can't be alone  
Do you see me--like I see you?  
Can't believe the things we ask,  
Can't believe the things we want  
Do you see more than I do?
