Nothing in the whole wide can stop me  
Ooohhhh Nooothing can stop me  
Nothing in the whole wide world can stop me  
Oooohh Loving yoooooooouuu  
Nothing in the whole wide world can stop me  
Nothing, Nobody  
Can stop me from Loving yoooooooouuuuForeign exchange, i walk in the rain,  
Still wont get wet  
Nigga flick up the flame  
Twist up the game  
Switch up the chain  
Play peek-a-boo  
I take ya girl and her friend and do a switch-a-roo  
Started with a nick and got a 62  
It was memorable my plan is worth diggable  
Used to stashing work off in a inner tube  
In middle school  
I worked the trap  
No interviews  
Just told shawty that im in to you  
Im the type that make a old school a Bentley coupe  
Turn one to ten  
That's what i tend to do it's an amber alert i gotta missing roof  
It was black and it was travelling fast  
I love you now I dont care about your ratchet past  
Designer shoes  
Matching bags  
Let them niggas pop shit baby we popping tags  
If I ever fall off ill be hopping back  
Got a bad bitch with me told her hop in back  
My car speak  
She dark meat  
I be eating MC's nigga shark teeth  
Velourz hoodie i ask em whats for goody  
If you are what you eat but i am not a pussy  
You couldnt stop me with a bunch of Uzi's  
And all we really do is shoot a bunch of movies  
Started from the bottom now we at the top  
Graduated from high school and bought a choppa

Orville red and bocker bitch we got it poppin  
On the block with that white girl

But now when they see me they just think of hope

Hand full of ones pocket full of Hunn  
If i was sellin swag man i woulda sold it to em

Designer sneaks  
Leather seats  
They say money talk thats why you never speak  
Every verse i do is a rest in peace  
Wish this highway to heaven had an extra seat  
Rap game  
Extra sweet

Big ass charm conversation peiceMillion off rap but the trap was sweeter

When dealings on the block  
All prices cheaper  
I been doing this since guess and fila  
They say my entourage each car four deep  
Eight heaters  
Drop the middle man to cut the cost  
They say my whole click cut from a different cloth  
And of course we pay the cost  
With each block that we off  
Ya take off  
And call back

It aint our fault that ya lost ya lil bitch  
Ask ya boy bout them forty he lost  
Talk slick glock forty ya boss

Fresher than
