

# Would You Wait

[Hayley Reardon](#)

I decided I don't need to be different  
I just need to be okay  
I could tell you everywhere I'm running  
As I sit here in my place  
I could come along fine  
Given that you're lenient when I change my mind  
Oh and its the time, time  
Only the time that I'm not counting that counts as mine  
Would you wait  
Would you wait, wait, wait for me  
Would you wait  
'Cause I'm gonna be everything  
I never seem to find the time to be  
If you wait for me  
I'm begging trying to tell you  
That my head is like a city some days  
Only when we're laying in our whispers  
Do I start to hear the street noise fade  
I could come along fine  
Given that you're lenient when I change my mind  
Oh and its the time, time  
Only the time that I'm not counting that counts as mine  
Honey I'm slowing down  
Not my first time coming back around  
I guess I know how  
'Cause I know my mind  
It's all in time  
Got somebody I'm set to be  
Honey would you wait  
Honey would you wait for me
