

Isis (feat. The Egyptian Lover)

Hot Natured

When I met a guy
Who is scientist
That could say she wasn't dancing
With a crocodile smile I said
Take me to the pyramid
High up in the sky
We planned together
On a magic Carpet Ride We're on a magic Carpet Ride
We're on a magic Carpet Ride So we jumped up and got started
An epic any mood
As if our heaven opened
Stars began to groove
And then I saw the pyramid
Shining up ahead
She took me to the keeper
And this is what he said Live to your dream
Fly to my lair
My mystique pyramide
No other can compare
Where dreams and fantasies
Are reality
A place of passion
Desire and ecstasy
No worries
No fear
I'm the keeper of the sky
Relax and enjoy
This magic carped ride
We're on a magic Carpet Ride
We're on a magic Carpet Ride
We're on a magic Carpet Ride
We're on a magic Carpet Ride Twisted and mystic
I like hieroglyphics
Pop and bright
Lifted but the cryptic
Flying to the mystic
ON a carpet ride
Twisted and mystic
I like hieroglyphics

Pop and bright
Lifted by the cryptic
Flying to the mystic
On a carpet ride
