Skinny Puppy

I swear I'm innocent. I know who it is, I know who the monster is. ????? I swear I know who it is. Allright Charlie, lets hear it. What are you waiting for? Come on Charlie, come on. ????? You gotta' let me out What's the matter with you peaple? Now stop. ????? Do you understand the procedeure now? Just stop a few of their machines, their radios, their telephones and lawnmowers. Throw them into darkness for a few hours then stand back and watch the pattern. And the pattern is always the same?
