

Nancy's Minuet

The Everly Brothers

I'm dancing round and round
Acting just like a a clown
I know I'll never be free I'm just a puppet on a string
I've lost my pride and everything
It began on the day we met
She'd kiss me once and I was lost
She thrills me now, I'll pay the cost
Dancing the Nancy's Minuet I'm dancing round and round
Acting just like a a clown
I know I'll never be free The music's deep within my heart
She looks at me and the dancin' starts
I'm just a foolish marionette
I'll never break a single string
To stay with her means everything
Dancing the Nancy's Minuet I'm dancing round and round
Acting just like a a clown
I know I'll never be free
