## The String Cheese Incident

Believe

I started sitting in limbo  
One look I knew she was special  
Throwing caution to the wind I only dream  
I know she's hiding a teardrop  
No care for what you've been saying  
I know that you can find a way to explain to me  
How heartbeats seem to find their own rhythm  
Never needing any good reason  
Beating onwards towards this force you cannot see

Stop looking around for all that you need  
Cause you see that it's all here waiting for you  
Sometimes I know that it's hard to believe  
That it's all there waiting, waiting, waiting, waiting, waiting

Diving look for pearls in the ocean  
I'm told to never stop looking  
Shipwrecks out there sinking waiting to be found  
Where there's one there's always another  
Sinking treasure pools for their taking  
Hard to stop and take the time to feel the tide  
Swim upstream fighting the current  
Turn around find that it's easy  
Let the water takes you out into the sea

Stop looking around for all that you need  
Cause you see that it's all here waiting for you  
Sometimes I know that it's hard to believe  
That it's all there waiting

Someday I'll know for sure  
I need you to be strong  
Please don't drift away from this place where we belong

Stop looking around for all that you need  
Cause you see that it's all here waiting for you  
Sometimes I know that it's hard to believe

That it's all there waiting

Stop looking around for all that you need  
Cause you see that it's all here waiting for you  
Sometimes I know that it's hard to believe  
That it's all there waiting, waiting, waiting, waiting, waiting
