

Leave It At The Door

White Rabbits

What you choose, it don't matter now
Let's get out of here, this is clear as dawn
'Cause you know it don't matter now
What you're wanted for, leave it at the door

What you need, it don't matter now
What you're wanted for, leave it at the door
'Cause you see, it don't matter now
Let's get out of here, this is clear as dawn
