## Can't Back Down

## **Bad Rabbits**

We can't, we can't back down
Not right now
We can't back down, not right now
We can't, we can't back down

Don't close your eyes
We're all in this together
Wherever we draw the line
We're not gonna straddle across it
Or lose it

We can't back down There's too much at stake This is serious Don't walk away We can't pretend it's not happening In our own backyard Our own home plate (No way) We've been called out (We've been called out) Do you hear your name? (Yeah) I'm not confused Let's win this thing (Let's do it) We can't back down There's too much at stake Don't walk away

Don't get me wrong
I don't like confrontation
I'd rather we all just get along
Music should be undivided, united

Don't walk away, yeah

We can't back down

There's too much at stake This is serious Don't walk away We can't pretend it's not happening In our own backyard Our own home plate (No way) We've been called out (We've been called out) Do you hear your name? (Yeah) I'm not confused Let's win this thing (Let's do it) We can't back down There's too much at stake Don't walk away

We got a situation that we can't ignore
'Cause ignorance is not bliss
We don't have to take this, no
With every big decision
Comes an equally important share of the risk
We gotta take this

Don't walk away, yeah

We can't back down There's too much at stake This is serious Don't walk away We can't pretend it's not happening In our own backyard Our own home plate We've been called out! Do you hear your name? I'm not confused Let's win this thing We can't back down There's too much at stake Don't walk away Don't walk away, yeah We can't back down

We can't back down
Not right now

We can't back down
