

Higher Now

Crashing Jericho

I see your broken smile,
Like you don't know what you're looking for.
It's been there for quite a while,
But I've got something that gives you more. You think you're high, but I think I'm higher now than you've ever
been You think you're high, but I think I'm higher now than you've ever been. The other day I was just like you,
Lost track of the pain, had no one to blame.
But I found what's real,
Now no one can change the way I feel.
