John Legend

[Verse 1]

What goes underneath your armor

Underneath your clothes

Do you know?

Let's find out together

Let's find what we're looking for

We'll explore[Pre-Chorus 1]

Leave your house of mirrors, hear me out

Fear no consequence, forget your doubts

[Chorus]

I don't know where the road leads

You don't know if I'll break your heart

We don't know how the winds will blow

And we won't know

We won't go unless we start

Ooh, ooh, start[Verse 2]

Fall into the sea of possibility

And hope

We're letting go

Float away with me

Until we can't see any coast

That we know[Pre-Chorus 2]

Hold on tight until we become one

Find our island underneath the sun[Chorus]

I don't know where the road leads

You don't know if I'll break your heart

And we don't know how the winds will blow

And we won't know

We won't go unless we start

Ooh, ooh, ooh, start, yeah[Bridge]

Our beloved beside us

All you want to give up

Only happens if we let it live[Chorus]

And I don't know where the road leads

Ooh, ooh, ooh, ooh

You don't know if I'll break your heart

We don't know how the winds will blow

And we won't know

We won't go unless we start

Ooh, ooh, ooh, ooh, ooh, start, yeah[Outro]

Oh unless we start

Ooh, oh, let's start, yeah

Unless we start
