

The Moment (feat. Josue Silva)

Set Collins

My dreams
They lost their wings
Now crawling on the streets
I try to make them fly high
I donâ€™t want them to die nah

I canâ€™t see the road
Thereâ€™s just Too much fog
Thereâ€™s just too much fog

Letâ€™s rewind this tape
Start all over again
Make things better again

Life wonâ€™t come back
As we grow older
Years will go on
So seize the moment

Mistakes
They hunt me down
And try to eat my bones
They try to kill my soul
I got nowhere to go

My legs
Are shaking tired
Keep walking down the line
They donâ€™t have a choice
No, they donâ€™t have a choice

I canâ€™t see the road
Thereâ€™s just Too much fog
Thereâ€™s just too much fog

Letâ€™s rewind this tape
Start all over again

Make things better again

Life won't come back
As we grow older
Years will go on
So seize the moment

Life won't come back
As we grow older
Years will go on
So seize the moment

Life won't come back
As we grow older
Years will go on
So seize the moment.
