

Truth (Ibiza Sessions 2013 Edit)

Bloc Party

It was the truth
That fell from these lips
It blinded us
And then the darkness left I am yours now
Respectfully
I am yours now
Truthfully It burnt the stain
Left on my mind
Our hearts they beat
A quarter tone apart I am yours now
Respectfully
Why cant I do it?
You complete me Our kind is hard, hard to find, to find
And if it will be
It will be with you I am yours now
Respectfully
I am yours now
Truthfully
