

# Reversion

## Rome

We toss and turn  
We need a new man  
There is nothing left but fear here

Into the sea  
Into this life  
Contemplate  
Treading water

All is sacred  
All is green  
Under the belltower  
Under my skin  
We have reached a new line  
We have come to an end  
Now tell me this wasn't fun

"Niemand zwingt mich in die Knie"

Each and every face is cut to match  
So we all fall into sweet silence  
This life's reversion  
This summer's plague  
Don't you ever try to warm my mind  
Would you heed my words?  
Would you slay for me?  
Would it be of any value?

"Die Welt und die Wirklichkeit müssen fassbar sein,  
damit wir mit gutem Gewissen klagen können über die Einförmigkeit!"

---
