

The Very Best Time Of Year (& Trypta-Phunk)

Blake Shelton

There's so many things we can do this Christmas
Just once I wanna go on a ride in a one horse sleigh
Go caroling down the street while everybody listens
Singing Jingle Bells, Jingle Bells, jingling all the way
And if it snows just a little too much and there ain't no place
to go

Baby, if you want you can show me what happens underneath the mistletoe

Hang up the cards from the people we love who miss us

Call up the neighbors and open up a bottle of cheer

Umm, there's so many we things can do this Christmas

Ha ha, join in this celebration, it's the very best time of year

Oh, yeah
And if it snows just a little too much and there ain't no place to go

Baby, if you want you can show me what happens underneath the mistletoe

Hang up the cards from the people we love, who miss us

Call up the neighbors and open up a bottle of cheer

There's so many we things can do this Christmas

Join in this celebration, it's the very best time of year

Join in this celebration, it's the very best time of year
