I Die Everyday

Lil Eddie

When I see your face...
When I see your eye, I walk into the light
I need you like air
I'm waiting for youI shall never kiss a girl,
My lips are locked like a closed locket
I need your love inside
Feeling like I'm buried aliveChorus:
And I die everyday
I die everyday
I die everyday waiting for youI make the angels cry, sunk the heavens die
I'm stuck in limbo, with nowhere to go
I'm paralyzed, waiting for you
Hey, I don't wanna survive
I miss ... without you
Don't think I will get by on a ... without you
I'm running out of time, I'm running out of time
Cause every day I die, I die, 2, 3, 4Chorus:
And I die everyday
I die everyday
I die everyday waiting for youI make the angels cry, sunk the heavens die
I'm stuck in limbo, with nowhere to go
I'm á¹—aralyzed, waiting for youHey, I don't wanna survive
I miss ... without you
Don't think I will get by on a ... without you
I'm running out of time, I'm running out of time
Cause every day I die, I die, 2, 3, 4Everyday
I die everyday
I die everyday waiting for you
