LMNT

I can't keep dreamin'
All this pain I'm feelin'
All I know is that you're gone
Why is it takin' me so long?
How can I move on?
Without your love I'm all gone.
Turn back the hands of time,
Back to the day when you were mine

When you and I were once together
How I wished we'd stayed forever
My heart can't live without you,
Ooh, girl, can we work it out?

(chorus)
'Cause I can't do this,
I can't do that
Can't see the good in our goodbye yet
Even six months later and still I forgot
To forget about you.

And I can't turn off
What still runs hot
Feelin' the feelings I know I should not
You're my best ex-lover and I still forgot
To forget about you

Remember the laughter
We shared with each other?
Now it's like a broken heart attack
I'd give anything if you would take me back!
Girl, I'm so sorry,
I didn't mean to hurt you
What I did, I cannot explain
I don't know why I was playing games

You and I were once together
Oh, I wish we'd stayed forever

My heart can't live without you
Oh, girl can't we work it out?

(Chorus)

'Cause I can't do this,
I can't do that
Can't see the good in our goodbye yet
Even six months later and I still forgot
To forget about you

And I can't turn off
What still runs hot
Feelin' the feelings I know I should not
You're my best ex-lover and I still forgot
To forget about you

(bridge)

All I wanna do is stop my life and hit rewind
All I wanna do is find you, girl and make you mine
Mine once upon a time
Not so long ago

I can't forget, you yet, you know I can't do that
The feeling is still too real
To forget about you (forget about you)
I can't forget you yet
'Cause where my lonely heart's at
I can't see the good in goodbye
To forget about you
Ohhhh

(chorus)

'Cause I can't do this
I can't do that
Can't see the good in our goodbye yet
Even six months later and I still forgot
To forget about you

And I can't turn off
What still runs hot
Feelin' the feelings I know I should not
You're my best ex-lover and I still forgot
To forget about you
