Seether

Lonely in this white room
There are pads everywhere
Chafing strait jacket
I wont die in thereSave me smiling Jesus
Get off that cross
Hate me screaming masses
I dont care if Im lostDont tell me that youre all better
I dont care if you are
Dont tell me that youre trend setters
I dont care if you areLowly with my head bowed
There are rats everywhere
Feed me bread and water
I wont die in thereSave me smiling Jesus
Get off that cross
Hate me screaming masses
I dont care if Im lostDont tell me that youre all better
I dont care if you are
Dont tell me that youre trend setters
I dont care if you areSay, you will take my pills
Say, you will faking illDont tell me that youre all better
I dont care if you are
Dont tell me that youre trend setters
I dont care if you areSay, you will take my pills
Say, you will faking ill
Say, you will take my pills
(Say, you will take my pills)
Say, you will faking ill
(Say, you will)
