

# 69 Tea

## Seether

Lonely in this white room  
There are pads everywhere  
Chafing strait jacket  
I wont die in there Save me smiling Jesus  
Get off that cross  
Hate me screaming masses  
I dont care if Im lost Dont tell me that youre all better  
I dont care if you are  
Dont tell me that youre trend setters  
I dont care if you are Lowly with my head bowed  
There are rats everywhere  
Feed me bread and water  
I wont die in there Save me smiling Jesus  
Get off that cross  
Hate me screaming masses  
I dont care if Im lost Dont tell me that youre all better  
I dont care if you are  
Dont tell me that youre trend setters  
I dont care if you are Say, you will take my pills  
Say, you will faking ill Dont tell me that youre all better  
I dont care if you are  
Dont tell me that youre trend setters  
I dont care if you are Say, you will take my pills  
Say, you will faking ill  
Say, you will take my pills  
(Say, you will take my pills)  
Say, you will faking ill  
(Say, you will)
