Twenty

QUARTERBACKS

i guess there was a time
when i didn't know you
and i guess that time
was pretty much my whole life
even though i don't like
thinking about it
because everything now
feels totally righteighteen years
twenty miles apart
river like an ocean
that we couldn't cross
but rivers can't
demagnetize hearts
yeah we're making up
for the time that we lost
everything's perfect
it all feels fateful
but i don't believe in fate
i just believe in people
but even if there's no destiny
i'm glad you ended up with me
ended up with me
