

# Strange Desire

INXS

Paa paa  
Paa paaMy strange desire is waiting there  
To be my light, my shadow, my storm  
This is all and this is you  
Turning into another dream  
Please don't be another dreamDo you really think we're cared for?  
Do you really know we're loved?  
Look at all our resolutions  
Promises to break your heart  
Do you make it hard to handle?  
Do you lose your self control?  
Strange desire take me over  
Offer me to all above  
This is all and this is youDo you really think we're cared for?  
Do you really know we're loved?  
Look at all our resolutions  
Promises to break your heart  
Do you make it hard to handle?  
Do you lose your self control?  
Strange desire take me over  
Offer me to all aboveLook again, die again  
Must have wanted some paradise  
Long ago that's unwise, so unwise  
Look again I said touch again  
Believe your fate  
That's alright, that's alrightDo you really think we're cared for?  
Do you really know we're loved?  
Look at all our resolutions  
Promises to break your heart  
Do you make it hard to handle?  
Do you lose your self control?  
Strange desire take me over  
Offer me to all aboveHmm  
Oop  
Yea  
Alright  
[Inaudible]  
AlrightDo you really think we're cared for?  
Do you really know we're loved?

Look at all our resolutions  
Promises to break your heart  
Do you make it hard to handle?  
Do you lose your self control?  
Strange desire take me over  
Offer me to all aboveDo you really think we're cared for?  
Do you really know we're loved?  
Look at all our resolutions  
Promises to break your heart  
Do you make it hard to handle?  
Do you lose your self control?  
Strange desire take me over  
Offer me to all aboveDo you really think we're cared for?  
Do you really know we're loved?  
Look at all our resolutions  
Promises to break your heart  
Do you make it hard to handle?  
Do you lose your self control?  
Strange desire take me over  
Offer me to all above
