

Turn On Your Receiver

Nazareth

Turn on your receiver
I'm gonna lay it on the line
'Cause I'm a great believer
In hangin' on to what is mine So, come over here and listen
I don't want you to be missin'
What I say and I ain't gonna waste
My time sayin' it all again I've been hearin' stories
In fact the word's all over town
I've had my share of worries
Ever since you've been around So, come over hear and listen
I don't want you to be missin'
What I say and I ain't gonna waste
My time sayin' it all again Turn on your receiver
There's a message comin' through Keep your hands off my woman
Keep your hands to yourself
Keep your hands off my woman Turn on your receiver
I'm gonna lay it on the line
'Cause I'm a great believer
In hangin' on to what is mine So, come over here and listen
I don't want you to be missin'
What I say and I ain't gonna waste
My time sayin' it all again Turn on your receiver, turn on your receiver
Turn on your receiver, turn on your receiver
