

# On Nights Like This

Soraya

No matter what anyone says  
Time doesn't pull you through  
'Cause there are nights when I still cry  
When I think of you Sometimes it swallows me  
This space I feel inside  
I think of how strong you were  
And it helps me to get by And all those nights  
When you would come to me in my dreams  
I thought I was losing my mind  
But it's the sanest I've ever been And on those days  
When life seems too much  
I hear your voice  
And I'm comforted by your touch On nights like this I know  
You're still here with me  
On nights like this I know  
You're in a better place On nights like this I pray  
I may be with you again someday  
On nights like this I pray  
That I may be worthy someday There's the anger  
That blocked out the light  
There's the doubts  
That held me captive night after night The endless hours I spent asking why  
And there's so many evil people  
It just doesn't seem right On nights like this I know  
You're still here with me  
On nights like this I know  
You're in a better place On nights like this I pray  
I may be with you again someday  
On nights like this I pray  
That I may be worthy someday I remember the night  
When I held you in my arms  
Trying to give you the strength  
And the will to hold on And you looked in my eyes  
And said, "Baby, be strong"  
I don't want to leave you  
But it's time for me to go And at that moment  
As your hand slipped out of mine  
A tear rolled down  
As you closed your eyes for the last time And all the pain

That had been written on your face  
Suddenly disappeared  
And by a smile it was replaced On nights like this I know  
You're still here with me  
On nights like this I know  
You're in a better place On nights like this I pray  
I may be with you again someday  
On nights like this I pray  
That I may be worthy someday
