

Long Way Down (feat. Sean Glass)

Robert DeLong

I've been fucking around while you've been saving the world
I've been out of my mind
I've been dreaming things and scheming things
I've been smoking the poison
You've been slinging your anecdotes
I've been fucking around while you were saving the world
From nothingThe end, the end
Things will never go away
In the end, the end
Things will never goSo take it in, don't hold your breath
The bottom's all I found
We can't get higher than we get
On the long way downOn the long way down
On the long way downBurning night in my eyes, blinding me from the truth
If there's a shadow in me
The dark is a tidal force inside of you
Taking shots at communion
Getting drunk on your antidote
I'll save you a seat next to me down belowThe end, the end
Everyone will go away
In the end, the end
Everything will goSo take it in, don't hold your breath
The bottom's all I found
We can't get higher than we get
On the long way downOn the long way down
On the long way downOh, ooh, oh, oh, ooh, oh, oh, oh
Oh, ooh, oh, oh, ooh, oh, oh, ohOn the long way down
On the long way down, down, down
So take it in, don't hold your breath
The bottom's all I found
We can't get higher than we get
On the long way downOn the long way down
On the long way downSo take it in, don't hold your breath
The bottom's all I found
We can't get higher than we get
On the long way downOn the long way down
On the long way down
