Soul Trippin

Swim Deep

I wanna tell you something I wouldn't say
I wanna tell you something I won't break
So take a right girl
Cause there's nothing left
Stick around, with someone else
And tell eachother something
That you won't mean
Like, I wanna be on TV and in magazines
Drive up to beaches in limousines
I won't be held together
I can't be home forever
I wanna tell the world that I've seen it
Wake up and see what I been dreaming
I won't be held together
Won't be home foreverAnd get me outta this town
but I don't wanna leave my friends behind
They're coming with me
and tell me what I've done
To feel this lucky, girl
Cause time start til I got away
Nothing changes if we stay
Die old and lead yourself astray
Just say
You're soul trippin, soul, you're soul trippin with me
You're soul trippin you're soul, soul trippin' with me
And when this is over I'm soul trip in my head
(You're Soul trippin, soul, soul trippin with me)
And when I get older, I'll soul trip in my bed
(You're Soul trippin, soul, soul trippin, soul trippin with me)
Get some sand on your feet and feel the heat
Get some wind in your hair, some stories to share
And tell me what I've done to feel this lucky
Cause time start til I, got away
Nothing changes if we stay
Die old and lead yourself astray
just say
You're soul trippin, You're soul, soul trippin with me
You're soul trippin you're soul, soul trippin' with me
and when this is over I'm soul trip in my head

(You're soul trippin, soul, soul trippin with me)
And when I get older, I'm soul triping in bed
(You're soul trippin, soul, soul trippin with me)
