

Sound of Love

Tamar Braxton

Candles lit, now, lights down low
My body is calling for only us
You make feel like I'm the only girl
It's so undiscrivable Just hold my body and don't ever let go
Just kiss the places that keeps me wanting more And take me higher love (Take me higher)
And take me till love had enough
Make me scream I'm all yours
Cause ain't nothing wrong with that
Ain't nothing wrong with that
The sounds of making love
Make love to you baby It's me and you
We're all alone
You, you got me on a temper I've never known
You make me feel like it's no one in the world
It's just us tonight, tonight
Just hold my body and don't ever let go
Just kiss the places that keeps me wanting more And take me higher love (Take me higher)
And take me till love had enough
Make me scream I'm all yours
Cause ain't nothing wrong with that
Ain't nothing wrong with that
The sounds of making love I want you to say you love me
Plus I'm here till I hear you name me
Cant deal without you
I'm living, continue Take me higher love (Take me higher)
And take me till love had enough
Make me scream I'm all yours
Cause ain't nothing wrong with that
Ain't nothing wrong with the sounds of love And take me higher love (Take me higher)
And take me till love had enough
Make me scream I'm all yours
Cause ain't nothing wrong with that
Ain't nothing wrong with that
The sounds of making love The sounds of love
