Sound of Love

Tamar Braxton

Candles lit, now, lights down low

My body is calling for only us

You make feel like I'm the only girl

It's so undiscribableJust hold my body and don't ever let go

Just kiss the places that keeps me wanting moreAnd take me higher love (Take me higher)

And take me till love had enough

Make me scream I'm all yours

Cause ain't nothing wrong with that

Ain't nothing wrong with that

The sounds of making love

Make love to you babyIt's me and you

We're all alone

You, you got me on a temper I've never known

You make me feel like it's no one in the world

It's just us tonight, tonight

Just hold my body and don't ever let go

Just kiss the places that keeps me wanting moreAnd take me higher love (Take me higher)

And take me till love had enough

Make me scream I'm all yours

Cause ain't nothing wrong with that

Ain't nothing wrong with that

The sounds of making loveI want you to say you love me

Plus I'm here till I hear you name me

Cant deal without you

I'm living, continueTake me higher love (Take me higher)

And take me till love had enough

Make me scream I'm all yours

Cause ain't nothing wrong with that

Ain't nothing wrong with the sounds of loveAnd take me higher love (Take me higher)

And take me till love had enough

Make me scream I'm all yours

Cause ain't nothing wrong with that

Ain't nothing wrong with that

The sounds of making loveThe sounds of love
