

Doctor's Orders (T-Vox Version)

Sonic Youth

Take one, to come
Doctor's orders, no more borders
Take one, make some
Feeling bolder, no more disorderMother's not to blame
She's feeling no pain
Doesn't feel the drain
She says it's not her brainAll right, no wrong
She used to be cleanin', now she's just dreamin'
She's right, you're wrong
She thinks it's the weather, feels light as a featherMother's such a mess
She forgets how to dress
She thinks she's lookin' her best
She's no longer depressedTake one, bake one
Used to be tragic, now it's like magic
Just one, for fun
Mother's new pet, it's not hard to getMother came home today
Wearing a big bouquet
She threw her self away
She's taking up spanish ole
