

# Another Way

[John Lydon](#)

I, I've got to find another way  
I, I've got to find another way  
Put it down to no one else  
Yes, I, I've got to find another way One upmanship is a game you play  
Competition is a game you say  
Well, rules and rules and rules are for fools  
This gravy train led by mules Get that old stuff out of my head  
A chip on the shoulder, feels like lead  
And everyone has their say  
But I, but I, I gotta find another way
