

# Experience Unnecessary

**Sarah Vaughan & Hugo Peretti Orchestra**

I want a man to hold me tight  
I want ha man to kiss goodnight  
If he's young and free  
Just send him to me  
Experience unnecessary

I want a man with lots of charm

I want a man, no false alarm  
The kind of guy  
Who kiss my tears when I cry  
Experience unnecessary  
If he is big and strong and willing to learn  
There are such thrills in store  
And when the lights are dim  
And I'm close to him

I'll teach him what my lips are for

I want a man around the house

I want a man not just a mouse  
We'll spend a cozy life  
As husband and wife

Experience unnecessary

If he is big and strong and willing to learn

There are such thrills in store  
And when the lights are dim  
And I'm close to him

I'll teach him what my lips are for

I want a man around the house

I want a man not just a mouse  
We'll spend a cozy life  
As husband and wife  
Experience unnecessary  
Experience unnecessary
