

# Don't Tell Me

## Air Supply

You were late last night, the candle burned so low  
And in my darkest hour I knew you had to go  
Did he hold you like I held you once before?  
Is there someone else that loves you even more?  
Don't tell me Standing face to face, the words just fall away  
But in my loneliness I knew just what to say  
Did he touch you where I've touched you long ago?  
Please don't answer, I don't really want to know  
So don't tell me Don't tell me, don't tell me  
Don't tell me, don't tell me I have no more to give you, I have no room to share  
I know the road I follow going nowhere  
I have no more to give you, I have no room to share  
I know the road I follow going nowhere Don't tell me, don't tell me  
Don't tell me Should I close my eyes and say I'm giving up?  
Can we compromise the darker side of love?  
Did he hold you like I held you once before?  
Since I lost your love I need you even more  
So don't tell me lies I have no more to give you, I have no room to share  
I know the road I follow going nowhere Don't tell me I have no more to give you, I have no room to share  
I know the road I follow going nowhere Don't tell me I have no more to give you, I have no room to share  
I know the road I follow going nowhere Don't tell me  
Don't tell me  
Don't tell me
