

# Now We Are Married

## Goodbye Mr MacKenzie

My eyes have seen the glory  
You coming to me now  
Your fingers long and slender  
Pull me to you now  
My eyes looked up to heaven  
And you sprang from the ground  
You answered all my prayers  
But we didn't make a sound  
Where have you been my blue-eyed one?  
Now we are married  
Yeah, it's one thing you cant deny  
Now we are married  
See everything with a single eye  
Now we are married  
All the ghosts have a happy home  
Now we are married  
We will never be alone

Down, down, seemed the option  
Rolling down that hill  
No love, love for no one  
We just stay still  
Down, down, seemed the option  
Rolling down that hill  
You sparkled in the sunshine and I fell  
Where have you been my darling young one?  
Now we are married  
Yeah, its one thing you can't deny  
Now we are married  
See everything with a single eye  
Now we are married  
All the ghosts have a happy home  
Now we are married  
We will never be alone  
Silver and gold, silver and gold  
Give I was told, take I was told  
Now we are married  
All the ghosts have a happy home

Now we are married  
We will never be alone  
Silver and gold, all I was told (x3)  
Silver and gold, give me silver and gold  
Silver and gold, all I was told (x3)  
Silver and gold, give me silver and gold
