## Cul de Sac

I'm elevated [I've become a whore so I prepare to breathe]  
I'm stimulated [I'm becoming sworn to you for secrecy]  
I'm re-created [anything you want I will forever be]  
I'm glad you made it  
Spiritualize my sensuality, in your eyes, between you and me  
You're elevated [connected to the depths of the seven seas]  
You're stimulated [I can feel your pulse and now it's part of me]  
I'll be creative [anything you want I will forever be]

For you I'll save it  
Spiritualize my sensuality, in your eyes, between you and me  
I can't evade it  
You're all I've needed  
I am created  
This has been a hell of a trip.
