

Passenger Seat

SHeDAISY

Passenger side, I slide on in
Vinyl seats soft from the heat of the sun
Chewin' on a Slim Jim, can't stop thinkin' 'bout him
Yeah, yeah, yeah, he's the one
Yeah, yeah, yeah, he's the one Life's so sweet right here in the passenger seat
Yeah, life's so sweet
When I look to my left, see his suntanned hands
His muddy river hair and his thousand acre plans
I'm all shook up like a quarter in a can
Ain't life sweet in the passenger seat, yeah I daydream of me an' a cold cotton pillow
And the feel of his skin
The window sill smiles and before I know it
I'm miles away sittin' next to him
Miles away sittin' next to him Life's so sweet right here in the passenger seat
Yeah, life's so sweet
When I look to my left, see his suntanned hands
His muddy river hair and his thousand acre plans
I'm all shook up like a quarter in a can
Ain't life sweet, yeah Shiftin' those gears, baby, one, two, three
Then he shifts those ocean eyes back to me
Can't imagine a moment any better than this
Then we kiss Life's so sweet right here in the passenger seat
Yeah, life's so sweet
Life's so sweet right here in the passenger seat
Yeah, life's so sweet, it's
Life's so sweet, it's
Life's so sweet, it's
So sweet in the passenger seat Life's so, life's so, life's so sweet
