

City of Angels (Markus Schulz Remix)

30 Seconds to Mars

There was truth
There was consequence
Against you, a weak defense
Then there's me, I'm seventeen
and looking for a fight
All my life I was never there
Just a ghost running scared
Here our dreams aren't made-
They're won.
Lost in the city of angels
Down in the comfort of strangers
I found myself in the fire burned hills
In the land of a billion lights
Bought my fate straight from hell
Second sight has paid off well
For a mother, a brother and me
The silver of a lake at night
The hills of Hollywood on fire
A boulevard of hope and dreams
Streets made of desire
Lost in the city of angels
Down in the comfort of strangers
I found myself in the fire burned hills
In the land of a billion lights
I found myself in the fire burned hills
In the land of a billion lights
(Of a billion lights, of a billion lights, of a billion lights...)
Angels
Angels
I am home, home, home, home
Lost in the city of angels
Down in the comfort of strangers
I found myself in the fire burned hills
In the land of a billion lights
One life, one love live
One life, one love live
One life, one love live
One life, one love
The city of angels

The city of angels

The city of angels

The city of angels
