Every Moment

Jodeci

Car, clothes, girls and games
Through the years a lot things change
We shared a love like melody
My sweetest moments are when you're here with me
Gave me all (of you) giving you (me too)
Trusting in (in you) and my life (you're first)[Chorus]
Every moment is so sweet
Every moment is so sweet to me baby yeah
When you're laying next to me
When you're laying right next to me
Our hearts beating as one
Our heart beating as one
Nothing we can't over come
Loving you is so much funEvery time I look at you
Your smile lets me know you feel me too
Anything I want to be
I can deal with because you're right here next to me
Gave me all (of you) giving you (me too)
Trusting in (in you) and my life (you're first)[Chorus]Every moment is so sweet
Every moment is so sweet to me
When you're laying next to me
When you're laying next to me
Our hearts beating as one
Our heart beating as one
Nothing we can't over come
Loving you is so much funThe sun the moon the stars
They can't compare to you and me
Cause you are my everything
And I can't explain
And I can't complain
You're never out of range
The wind the rain the sea
Just can't move like you and me
So girl can you feel the breeze
When you're laying next to me
Chills come constantly[Chorus]I'm laying here waiting for you
Girl you can get it anytime you want it
