

# The Boy Who Could Fly

## Pierce The Veil

Freeze!  
It's time to take you home  
It feels so early but I promised I would bring you to your door  
Now our lips are numb  
As we walk, sharing warm alcohol  
That kiss tastes like summer  
I hope you like the stars I stole for you  
One hundred million twinkle lights in neon blue  
I'll be the brightest someday  
I'll be the brightest someday  
I'll be the brightest, you'll see!  
Don't rain on my parade, it's gonna glow in the dark  
I like it better when you can't keep warm  
Don't ruin a perfect thing  
A perfect thing  
The boy on the blue moon dreams of sun  
Now as the rain falls like shattered pieces of glass from the sky  
We bleed like water colours and drunken pastels down the stairways  
And I ask myself, why do I still pray?  
When will it end?  
And who fucking cares?  
I swear to God I did what I could  
I practically begged you, I pretended everything was fine  
A soul sacrifice, an American nightmare  
I'd rather be dead  
Don't rain on my parade, it's gonna glow in the dark  
I like it better when you can't keep warm  
  
Don't ruin a perfect thing  
A perfect thing  
The boy on the blue moon hears a nightmare in his head  
I'll bet you money as you're running to the bathroom  
You barely started drinking but your beauty never stopped you  
You died in California by the sulfur and the sea  
I guess I never should have loved you  
But I do forever 'coz you loved me  
And I break my glasses as I fall in the street  
If you were gonna leave this world how could it be without me?  
Now it's all over my tongue and it still has no taste

'Cause without you there is no me  
There's no me at all  
Sometimes love  
Love dies like  
Dies like a  
Love dies like a dog  
(So, why don't we just this one take care of itself?)  
Don't rain on my parade, It's gonna glow in the dark  
I like it better when you can't keep warm  
Don't ruin a perfect thing  
A perfect thing  
The boy on the blue moon dreams  
Don't rain on my parade  
Woah, no  
I'm losing a perfect thing  
A perfect thing  
A perfect thing
