My Heart Cries Out

Fighting Instinct

I see You getting closer
I feel You coming near
My heart melts as I open my door
And all I see is You thereYes, my heart cries outI see You, oh my God
And I need You in my heart
I feel You, oh my Lord
And I need You more than ever beforeTime and time again You save me
Same as this, that I fall
I might as well be rendered helpless
'Cause without You, Im not at allYes, my heart cries outI see You, oh my God
And I need You in my heart
I feel You, oh my Lord
And I need You more than ever beforeI see You, oh my God
And I need You in my heartI see You, oh my God
And I need You in my heart
I feel You, oh my Lord
And I need You more than ever beforeYeah
My heart cries out
